General Experience

Giacomo is an associate in the Corporate & Commercial Group in the Milan office. He advises Italian and international clients on M&As, management and leveraged buyouts, private equity and venture capital investments.

Giacomo has also experience in equity capital markets, advising on IPOs as well as providing Italian listed companies with assistance on corporate and regulatory matters.

Recent Work

- advising an international leading company on the investment in an Italian company active in the production and sale of binding systems, sands, industrial resins and consumables for steel mills and foundries, of which already had a minority stake
- advising an Italian company during the authorisation procedure of one of the first Italian SICAF
- advising an Italian company active in the aerospace industry in relation to the listing on the multilateral trading facility AIM Italia.

Background

Giacomo graduated from the University of Milan and he joined Simmons & Simmons as a trainee in 2015.

He was admitted to the Milan Bar in 2017. During 2017 he was seconded to the corporate department of an Italian listed leading company active in the premium tyre market.
